# Moawin Foundation - Schools activities

## Building future designers!

In February 2026, the Moawin Foundation brought a vibrant wave of creativity to the students of Government Girls High School (GGHS) Mulhal Mughlan through its Fashion Design Activity, an initiative thoughtfully crafted to unlock the artistic potential that so often goes unnoticed in underserved communities.

Students were equipped not only with the practical tools of the trade, but with something far more enduring: a sense of direction and belief in their own capabilities. Under the guidance of experienced mentors, young women were introduced to the found

## A Gift of Pride for Every Child

Bright new uniforms and beaming faces at MF School, Malpur, Taxila; captured during a School Uniform Distribution activity under the Public School Reorganization Program (PSRP).

Organized by Moawin Foundation, in partnership with Who is Hussain, this heartfelt initiative helped children step into school with confidence, dignity, and pride.

For many students in this rural community, a uniform is more than just clothing, it is a symbol of care, equality, and hope.

## Turning Everyday Things Into Big Ideas

Grade 2 students at GHS Mehmoonwali, District Sheikhpura, brought color, laughter, and imagination to their classroom as they explored the value of recycling through fun, hands-on activities. By turning everyday discarded materials into creative projects, they discovered that sustainability starts small, one thoughtful act at a time. Every paper reused and every bottle saved is a step toward a cleaner, greener future. Because when children learn to care for their world, they grow into the changemakers it needs most.

## Plantation Drive at OGDCL Model High School

Moawin Foundation successfully conducted a Plantation Drive at OGDCL Model High School, Shakardara, bringing together students and staff in a shared commitment to a greener tomorrow.

With every sapling planted, this community took a meaningful step toward cleaner air, cooler surroundings, and a healthier planet. Small roots today, strong trees tomorrow.

## Community Relief Initiatives

### Ramzan Food distribution project

This Ramadan, Moawin Foundation, in collaboration with IHHNL, continued its annual tradition of giving by distributing 1,470 food packages to deserving families across underserved communities.

Each package was thoughtfully prepared to meet the nutritional needs of households, reflecting a shared commitment to compassion, dignity, and community welfare.

This meaningful initiative was made possible through the generous support of donors and the tireless dedication of volunteers, who ensured that no family was left without sustenance during the holiest month of the year.

## Ramzan Iftar distribution project

A total of 2,000 Iftar meals were provided to fasting individuals and families, ensuring they could break their fast with warmth, dignity, and comfort. The distribution took place across Sahiwal, Zahirpir, Sher Sultan and Multan, bringing nourishment and care to those who needed it most.

These efforts stand as a testament to what is possible when generosity meets purpose. Together, Moawin Foundation and IHHNL remain steadfast in their mission to bring relief, restore hope, and remind every family that they are not forgotten.

## Orphan Gifts distribution

As part of its ongoing commitment to vulnerable children, Moawin Foundation, in collaboration with IHHNL, continued its cherished annual tradition of bringing smiles to orphans through gift pack distributions.

This year, 250 carefully curated gift packs were delivered with love and compassion across Sheikupura, Zahirpir, Lahore, reminding every child that they are seen, valued, and never alone.

# Meeting & Visits

## Moawin Foundation Launches New CPA & Game-Based Learning Pilot

Moawin Foundation recently met with the Knowledge Platform team to launch an exciting new pilot project centered on the CPA (Concrete-Pictorial-Abstract) approach and game-based learning.

As a first step, two schools in Taxila, Dokpour and Malpur, have been selected for the pilot phase, marking the beginning of a fresh and innovative chapter in quality education delivery.

## Engagement with Education Leadership

Chairman Moawin Foundation, Admiral (R) Asif Sandila, met with Mudassir R. Malik, Secretary of the Punjab School Education Department.

During the meeting, they discussed matters related to the compliance of the MoU and upgradation of schools in Sheikhpura and Nankana Sahib to High & Elementary School status respectively. Both sides agreed to work together to address these compliance requirements and facilitate the upgradation process.

## Meeting with PCRWR Leadership

The Chairman of the Moawin Foundation, Admiral (R) Asif Sandila, also met with Dr. Hifza Rasheed, Director General of the Pakistan Council of Research in Water Resources (PCRWR).

During the meeting, PCRWR agreed to support the foundation by providing water testing services at subsidized rates and extending technical assistance for all water-related initiatives undertaken by Moawin Foundation across Pakistan. Both parties also agreed to explore opportunities to expand collaboration with international partners in support of these initiatives.

# Meeting & Visits

## Reviewing Progress for Better Learning

The Chairman of Moawin Foundation, accompanied by the CEO Education, DEO, Deputy DEO, and senior officials from the Education Department, visited GHS Mehmoonwali to review ongoing progress and reaffirm their shared commitment to delivering quality education.

## 18th CSR Summit 2026

The 18th CSR Summit 2026, organized by the National Forum for Environment & Health (NFEH), brought together corporate leaders, policymakers, and development partners to explore how Corporate Social Responsibility can create lasting impact in Pakistan.

Admiral (R) Asif Sandila, Chairman of Moawin Foundation, addressed the summit, sharing how he has dedicated his post-retirement life from the Pakistan Navy to improving education in government schools, highlighting the role of collective responsibility in strengthening public education.

## Working Together to Expand Learning Spaces

The Moawin Foundation management and Programs team met with Aga Noor Muhammad Pathani, CEO of the Indus Cottage Library Network, to explore a potential collaboration aimed at establishing libraries in Moawin Foundation schools.

This promising partnership holds the potential to open new worlds for students, nurturing a culture of reading, curiosity, and lifelong learning in communities that need it most.
