Educate - Train - Empower

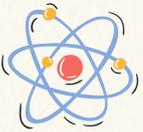

January at a glance at Moawin Foundation!

The Chinese Consulate Sponsors Construction of Classrooms

The Consulate General of China graciously helped in the construction of additional classrooms in the MF-adopted Government Boys School, Mahmuniya, District Sheikhupura. We express our heartfelt gratitude for their generous contributions towards improving education facilities in the region.

Provision of STEM Facilities in Schools

We enhance girls' performance and participation in STEM education while encouraging their enthusiasm for pursuing careers in STEM fields.

Providing Contemporary and Holistic Education

Moawin Foundation schools engage students in various school activities including Life Skills-based Education, Climate Education, Digital Learning, sports, STEM, and Morals and Ethics.

Our students from Grades 4 and 5 enthusiastically participated in a Spelling Bee competition held at Government Primary School in Machike, Sheikhpura.

Spelling Bee competitions are a part of MF's ongoing initiatives in schools to help students improve their spelling and language abilities.

As part of our "Morals and Ethics" initiative, students are engaged in meaningful activities to impart values to children from an early age.

In this regard, 73 students at MF-adopted PSP Ghotki participated in a creative thinking exercise exploring the concepts of diversity and inclusion through a short animation film.

Grade 7 students at GGHS Dhudhi Phaphra collaboratively explore the complex structure of the sodium atom.

Guided by their teacher, they are engaged in electron arrangements, gaining a comprehensive understanding.

Life Skills-Based Education (LSBE)

LSBE (Life Skills Based Education) in MF schools provides a comprehensive approach to learning, focusing not only on academics but also on life skills.

Through interactive drawing activity, students of MF-adopted FAS Jamali Goth visualized their dreams and aspirations, reinforcing the belief that they can achieve anything.

Sports for Students' Well-being

Sports activities at Moawin Foundation schools are a significant part of students' physical and mental well-being. The activities include morning exercises to energize the body, physical education classes offering a variety of sports, and recess and lunchtime games to promote social interaction.

Through these activities, students develop important life skills and habits for a healthy lifestyle.

Empowering Students for the Digital Age

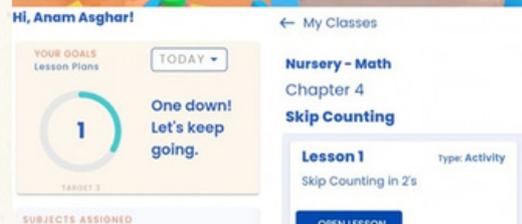

The Sindh Education Foundation provided computer equipment to Moawin-adopted school PSP Ghotki. With this valuable addition, our students will be prepared to thrive in the digital age.

The provision of these resources aim to enhance their educational experience, ensuring that our students have the necessary tools to succeed in an increasingly technology-driven world.

Our partnership with Taleemabad is progressing as we are entering a digital age. Our students are engaged in various class lessons through the use of digital content. We are optimistic about the positive impact it will have on them.

We eagerly anticipate the advantages that our adopted schools will gain from the thoughtfully curated digital content provided by Taleemabad.

Networking and Partnerships

Chairman of the Moawin Foundation, Admiral (Retd.) Asif Sandila, along with CEO Rear Admiral Foad Amin Baig, recently held a meeting with Mr. Mohiuddin Wani, Special Secretary of the Federal Education and Vocational Training Division.

During the meeting, the signing of an LoU between MF and FDE was proposed to develop a framework for Moawin's initiatives in FDE schools in Islamabad.

The collaboration with the state institutions aims to strengthen the implementation of interventions for sustainable outcomes.

An MoU was signed between Moawin Foundation and Hussain Odhwani of 'Niaz Support', a social enterprise that designs customized wheelchairs to provide inclusive mobility solutions for disabled persons. We look forward to a meaningful partnership with 'Niaz Support'.

The MF leadership, including Admiral (Retd.) Asif Sandila, Chairman Moawin Foundation (MF), and Directors Mr. Hamid Ali Khan and Air Cdre (R) Nasir Hamdani, attended the 'Digital Attock Seminar- Promotion of Education' organized by the District Management Attock.

After the event, MF formalized its commitment of adopting schools in Attock by signing an MoU with CEO District Education Authority, aiming to implement interventions in 13 government schools, in collaboration with Ghazi Barotha Taraqjati Idara (GBTI).
